

SCHEDULE

Description of Works or Proposals and any conditions attached to the faculty

PARISH: HARTSHILL HOLY TRINITY
DAC REF.: 2025-122955
ISSUED: 10.06.26
STL: 12MTHS

To permit:

The extension of existing concrete base, new wooden shed and relocation of two existing metal sheds as per "Mens Shed Full Works Specification" and "Mens Shed Specification for Concrete Base" documents.

CHANCELLOR'S OBSERVATION

I note from the online records that the church grounds do not appear to have been used for burial but the DAC has recommended a human remains condition so it is possible a burial ground did once exist in the area.

CHANCELLOR'S CONDITIONS

1. The petitioners must ensure that full details of the works performed are entered in the church log book within one month of completion.
2. In the unlikely event that any human remains are disturbed during any excavation works then the following will apply:
 - a) The incumbent (or in the event of the absence of an incumbent, the area dean) must be informed as soon as possible;
 - b) The remains must be covered and then set aside with due solemnity;
 - c) No remains must be removed from the church grounds without consent of this Court;
 - d) Directions for burial of the remains must be sought as soon as possible from this Court.
